

/home/nick/Dropbox
/accelerInt/radau2a
/radau2a_props.h

```
graph TD; A["/home/nick/Dropbox  
/accelerInt/radau2a  
/radau2a_props.h"] --> B[header.h]; A --> C[stdio.h];
```

The diagram illustrates a file path structure. A top box contains the path `/home/nick/Dropbox/accelerInt/radau2a/radau2a_props.h`. Two blue arrows originate from the bottom of this box, pointing to two separate boxes below: `header.h` on the left and `stdio.h` on the right.

header.h

stdio.h
